## 3. MISSION STATEMENT

Elite Education Institute (EEI) is committed to providing quality higher education in business studies. We seek to equip all students with a solid, comprehensive knowledge base on which they can receive advanced, systematic training in their respective disciplines, and are encouraged to exercise individual freedom of intellectual thought and curiosity. Our curriculum, integrating classroom learning, interaction with practising industry specialists and leaders, and business placement opportunities, adopts an international perspective and emphasises particular knowledge of the Asia-Pacific region that is now increasingly important to all of our students. Finally, it is the Institute's mission to cultivate in its students a sense of social responsibility and service to the global community.

## 4. COURSE INFORMATION

### a) Student Progression

During enrollment at Elite Education Institute you must demonstrate consistency and progress in your studies.

Assessments of course progress will take place at the end of each semester. At this time you will be formally assessed for course progress and if you are not meeting 50% of the course requirements you will be nominated as making unsatisfactory progress.

Each unit will have assessment tasks. You are required to complete each assessment task to satisfy the course requirements. You will make good progress if you use English as much as possible, participate regularly during classes and complete all of your homework, assessment tasks, tests and activities.

Some of the activities that will be included as assessment tasks are:

- In-class participation/attendance/tutorials
- Mid-semester and end of semester exams
- Research assignments
- Completion of online research
- Group and Individual Presentations
- Essays

### b) Early Intervention

- You may have a student mentor appointed to help you during classes.

## c) Intervention Strategy

The Institute will do everything it can to help you with your studies. However, if at the end of Semester you do not achieve satisfactory progress (that is, you are not meeting 50% of the course requirements) we must implement our intervention strategy.

In the intervention strategy, the following steps will be processed:

1. You will be contacted by email or phone and asked to come for an interview with the Director of Business Programs.
2. At the interview you will be counseled as to whether the course is the right course for you.
3. If you decide that the course is the right course for you and you want to continue to study at EEI Education, then you will sign a learning contract with the Director of Business Programs.
4. The learning contract will outline the steps that are to be taken to improve your performance at EEI Education. This may include repeating a unit. This learning contract will be signed by you and Director of Business Programs, and a copy will be placed on your student file.
5. If you continue to make unsatisfactory course progress in the following Semester, and then you will be reported to the Department of Immigration and Citizenship (DIAC) and your student visa may be cancelled.

You will receive a notice of intention to report which includes information on accessing an appeals process.

If you believe that you have been treated unfairly, you may make an appeal through the Institute's Grievance Policy and Procedures.

## 6. TEACHING, DELIVERY AND ASSESSMENT SERVICES

### a) Study Load

Under Australian immigration law, international students must study as full-time students. A normal load for a full time Elite Education student is studying 4 units each semester. This means 16 hours of face to face teaching plus any extra tutorial, language support or study skills time.

Only in exceptional circumstances may international students be enrolled in less than or more than 100% of a normal full time load. This must be approved in advance, or at the time of enrollment, by the Director of Business Programs and the Administration & Marketing Manager.

Exceptional circumstances include:

- You are in your final Teaching Period of an award and completing remaining units
- A reduction in load on the basis of ill health as recommended in writing by a professional medical practitioner
- On the basis of advice in writing from an academic staff member, academic support adviser, or counselor where a student's long term academic progress is deemed to require a reduced load for either one or two Teaching Periods
- In situations where RPL or Academic Credit transfer prevent enrolling in a full time load

### b) Additional Learning, Language and Academic Support

Elite Education Institute understands that you may need additional learning and language support. This support will be provided in the following ways:

- Ongoing Student Learning Support

Programs commence during Orientation to assist students with the transition to a tertiary level study regime. The programs include workshops, individual interviews with students and informal support provided by lecturers/tutors. The support programs utilise a wide range of resources available on Moodle system and in the library. Individual assistance is available from specialist support staff.

---

---

- English Language and Academic Assistance

English language and academic advice workshops and resources include such topics as essay writing, report writing (i.e., student may be suggested to undertake CMU101 - Professional Writing unit), APA referencing, avoiding plagiarism, using Turnitin, making oral presentations, and examination tips.

- Library

Library information sessions are held during Orientation. Additional workshops are scheduled throughout the year to assist students to most effectively utilise the range of library resources, including the available electronic databases. These workshops are designed to improve information literacy skills of students. Library staff are available throughout library opening hours to give individual assistance and advice to students.

- Information Technology

Information technology staff are available to help students with the technology available to them and with connectivity issues related to their course.

- Academic Advice

The Director of Business Programs will provide academic advice to students, such as time management, exam preparation, essay and report writing, referencing, avoiding plagiarism, library research, and stress management. The Director of Business Programs will also provide individual counselling with students by referral from staff or self-referral by students. Appointments can be made in person, by email or at the campus reception desk. Times available for appointments are advertised and sent in electronic form to each student.

- Documentation of students seeking support

Records are maintained when students are referred for additional academic or English language support. The Director of Business Programs also keep records of students seeking assistance. Summary data form part of the educational metrics reported to the Teaching, Learning and Examination Committee (TLEC).

- Academic Staff Consultation

In-class consultation: Individual student consultations with the subject lecturer, tutor or other appropriate academic are an integral part of the learning experience for each subject. The normal weekly teaching pattern provides face to face lectures and a structured tutorial. Further diagnostic tutorials are scheduled to allow students the opportunity to clarify points of confusion, discuss aspects of the subject in more detail and obtain feedback on their assignments, both in draft form and on completed work.

Electronic consultation: Each unit is enhanced by an individual web based support site through Moodle System. The Moodle System provides students with access to subject resources and also includes a 'forum' and group email facilities that allow for the posing of questions by students and lecturers and response by both students and lecturers. Such community based facilities are moderated and controlled by the unit coordinator. All students enrolled in a unit have access to the unit web page.

## c) Evaluation & Feedback

As part of our continuous improvement procedures you will be asked to complete a Course Evaluation survey and a unit evaluation survey. This is your opportunity to provide us with feedback on the course, the units, the lecturers, the course administration, the facilities, the activities, resources and materials and the assessment procedures. Your

comments enable us to make sure that your expectations are being met and to improve our services. All services provided by Elite Education Institute will be regularly reviewed and improved. Any Suggestions will be formally addressed and documented at staff meetings.

## d) Assessment and Marking Procedures

Details of assessment tasks for each unit appear in your unit descriptions provided on the first day of each unit. Assessment in a unit may be made up of several components: a formal examination, essays, tests, assignments, oral presentations and participation in class. The final mark that a student receives in a unit will be determined by the lecturer and examiner of each unit, who will take into account all aspects of assessment.

You should take note of the following rules from the Elite Education Institute "Student Assessment Policy":

- All assessments tasks should be submitted on time. Only in cases of hardship or illness will you be able to have extensions of time. In all other cases where work is submitted late, there will be a penalty of 5% deduction per day from the total mark that would have been awarded for the assessment task if it had been submitted on time.
- Plagiarism is a serious offence. You will be severely punished in any proven cases.
- Assessment tasks should be presented as outlined by the lecturer at the beginning of the course. If tasks such as essays are not presented in this manner, lecturers will request that students re-submit their tasks within one week. 10% of marks will be deducted in these cases from the total mark that would have been awarded for the task.
- In some units, you must pass the final examination in order to pass the unit (i.e., double pass).. If you do not attend a scheduled examination and no valid reason is given, you will be graded as fail in that unit.
- All units must be attempted before the course end date.
- You must also gain a satisfactory mark in your assessment tasks, as well as in attendance and participation.
- If you do not submit assessment tasks on time and without a valid reason approved by the Director of Business Programs you will not be allowed to sit the final examination.
- The pass mark in every unit is 50%.
- Cheating in examinations will lead to you a Fail grade
- If there is any grievance regarding the results, you can follow the appeals process as outlined below.

## e) Allocation of Final Grades

Students are assessed for each unit on the following basis:
